MAKING HISTORY CORRECT.

MAYSVILLE, MAY 8, 1900.

Editor Davis: I see in your excellent article concerning the life and business career of our old friend Thomas K. Ricketts, published in THE LEDGER of today, that you state that Mr. Ricketts was present at the "breaking ground" of the Maysville and Lexington Turnpike in the year 1824, and that he is now the only living witness of the attendant ceremonies of that occasion. I wish to make a correction in regard to that matter. I was present upon that occasion and saw the entire proceedings. The first shovel full of dirt was taken out by John Armstrong, who was President of the Company, and the second shovel full by Miss Catherine Rowzee, a sister of a merchant of this city. I was then about 10 years old. The "breaking of ground" aforesaid was in front of the residence of John Newdigate at the top of the hill. Respectfully,

R. T. BECKETT.

CLOSING OUT SALE.

For the next ten days I will sell Watches, Clocks, Watch Chains, Sleeve Buttons, Knives and Forks, Spoons and Spectacles, &c., for cost. Come to 210 Market street, between Second and Third streets, and see the bargains I am offering.

R. T. BECKETT.

GAME OF POKER.

'Squire Grant Held the Trump That Drowned George Cooper.

About 1 o'clock last afternoon George Cooper, residing at 227 West Third, applied at the office of 'Squire William B. Grant for warrants for a couple of women.

While the 'Squire was preparing to issue the papers, Mr. Cooper made some insinuating remarks in reference to him, and finally Mr. Grant ordered him to leave the office.

After he had gotten into the hallway, Cooper started to return, and with a vile epithet and the threat to "carve a hole in you big enough to throw a dog through," he reached into his pocket and made a dash toward the 'Squire.

Quick as a flash the 'Squire grabbed an iron poker and dealt Cooper a stunning blow across the forehead.

This ended hostilities, and dripping with blood Cooper went into the Police Judge's office to get a warrant for Mr. Grant, subsequently having his injuries dressed by Dr. Reed.

Meanwhile, 'Squire Grant unrendered himself to officer Robert Thompson and the case will be heard tomorrow.

Cooper is the man who killed Insko at the Germantown Fair some time ago, and has been making his home in this city for several years.

Services at the Baptist Church every evening this week.

P. G. S. John I. Winter, Thomas M. Russell and Henry W. Ray are holding up Wyandotte Tribe's end of the string at the Great Council of Kentucky Redmen at Lexington.

The State National Bank has $149,420.22 in deposits subject to check, a surplus fund of $30,000, and $6,942.78 in undivided profits. This is certainly a very healthy showing.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

Does It Pay To Buy Cheap?

A cheap remedy for coughs and colds is all right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Pecoe.

Sound advice to those who have kidney and bladder troubles, is to take a safe, sure medicine like Foley's Kidney Cure. It always benefits the Kidneys. J. Jas. Wood & Son and Armstrong & Co.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Peoe.

CARPETS!

Really beautiful patterns. Some in deep, rich greens covered with graceful scrolls, copied after old-fashioned Florentine embroidery. Large and small floral designs shading into glowing reds. Enchanting blue effects in bold conventional outlines. You can select from these attractive patterns for 75c. a yard. A modest price for a tapestry carpet, is it not? especially for this sort. We are not talking of jute carpets on which the pattern is printed after the weaving is done. No. These tapestries have an all-worsted surface and the design is dyed on the yarn warp, thread by thread, before the carpet is woven, hence the pattern lasts until the fabric is worn through. This is the most excellent line of tapestry Brussels we have ever found for the money. The purchaser of a carpet, at any price, this month will be presented with a nice carpet stretcher.

RUGS!

Rich in texture and coloring—a mingling of subdued tones dappled with bright tints. Every reason for buying here, for you have carpet prettiness and carpet durability at the same time. THE Goebel Law is the most fitting monument that GOEBEL could have.

THE Kentucky Goebelites may find the locking up of a Republican majority a rather costly experiment before they are done with it.

THREE years ago the farmer shipped his three-year-old thousand-pound steer to market and sold it for $22.50. This year he has sold it for $50. Protection that gives work to labor and circulates money creates a paying demand for the American farmer's beef.

IN the four years of President HARRISON'S Administration the receipts of the National Treasury were $154,840,386 more than the expenditures. During President CLEVELAND'S term it was just the other way round—the expenditures were $155,864,185 more than the receipts. The balance in favor of a Republican Administration was therefore $810,704,571.

LAST year there were sixty-eight railroads, representing 9,041 miles, in the hands of receivers. During the last Democratic Administration the average for the three years, 1894-96, was 171 roads, representing 36,383 miles of line. Railroad conditions are certainly more prosperous when there are no Democratic panics running at full speed all over the country. Protection and Prosperity are now running with a full head of steam on.

SOUTH TRIMBLE, who ran the Goebel machine over JOHN R. ALLEN at Frankfort Saturday, is the same SOUTH TRIMBLE who wrote the famous, or infamous, letter protesting that he and Mr. THOMPSON were too virtuous to steal elections in Franklin county, and assuring the latter that if he would resign from the Election Board Judge PRYOR had promised to appoint BEN MARSHALL, a willing and accomplished political highwayman, as his successor.

A Dishonored District.

Such a letter would have sent its author to everlasting infamy in a state or district having any regard for political decency or propriety; but since its publication and the admission of its genuineness TRIMBLE has been nominated by the Democratic party for Representative; has been elected to that office by the grace of the Ben Marshall Election Board; has been made Speaker of the House by a Goebel caucus, and has now been practically proclaimed the Democratic nominee for Congress in the once proud Ashland District.

Is it any wonder, asks The Lexington Leader, that honest Democrats grow sick at heart and turn from such a disgusting spectacle?

COLONEL W. C. P. BRECKINRIDGE reminds the readers of his Lexington Herald that they ought not to take too seriously the so-called "testimony" given before Judge CANTRILL bearing upon the application of W. H. CULTON for bail, and he closes a very able review of the situation with this interesting paragraph:

"We are not surprised at the malignant attempts to intimidate others and keep up a political warlare by statements that the next Grand Jury will indict a dozen or more other Republicans; nor by the rather significant threat of Mr. FRANKLIN that these trials would occupy perhaps more than a year. The Herald predicted that efforts would be made to prolong these judicial proceedings during the pending canvass, and if possible until the next canvass—the canvass for county officers. This is the dictate of unscrupulous partisanship, and will turn out to be a mistake. The people cannot be fooled continually, nor for all time; nor can all the people be fooled. The declaration made by Mr. JAMES ANDREW SCOTT to Mr. HOLLY WITHERSPOON has not been forgotten, and will not be forgotten. Delay in trials; daily reports of newly discovered testimony; inflammatory reports; flaming headlines—will recall the $100,000 blood money bill and deepen the general impression that the purpose of the prosecution is not to ascertain and convict the guilty, but to disgrace Governor TAYLOR, damn the Republican party and turn Kentucky over to that wing of the Democratic party that now belongs to Colonel CAMPBELL and JUSTUS GOEBEL."

It is learned that not only one but many prominent Republicans and Brown Democrats who have been accused of connection in the Goebel murder by the Haldeman organs are preparing to sue The Courier-Journal and Louisville Times for large amounts of damages. It is said some ten or twelve of these actions will shortly be entered simultaneously; and then some of the fellows who have spoken so freely will be sorry that they spoke.

Genuine merit is finding its reward in the hearty indorsation of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication it is proof convincing for the most skeptical.

The Five Prisoners, Powers, Youtsey, Davis, Whittaker and Combs Removed From Frankfort.

Frankfort, Ky., May 9.—The five prisoners whose trials on the charge of counseling, aiding and abetting in the Goebel murder have been venued to Georgetown, Scott county, were removed there Tuesday. They are Secretary of State Caleb Powers, Henry R. Youtsey, John Davis, Harland Whittaker and Dick Combs. Many of their friends called at the jail Monday to give them words of cheer and to bid them good-by. Among them was Mrs. Youtsey, wife of the unfortunate young man who is among the accused. They were taken to Georgetown by Sheriff Suter and a posse of deputies.

No military escort was taken along with the prisoners. The county officials will now petition Beckham to send home the troops who have been in charge of the jail and courthouse for a month past. S. H. Crossland, of Mayfield, and V. H. Bradley, of Georgetown, have been employed as additional counsel for the prosecution in the Scott county cases.

In Jail at Georgetown.

Georgetown, Ky., May 9.—The five suspects accused of complicity in the murder of Wm. Goebel were brought to Georgetown, arriving in the midst of a furious storm. Their arrival excited very little attention. The prisoners were all lodged on the first floor of the jail and made comfortable. Five deputies have been sworn in who will guard the prisoners day and night. They are R. S. Henrne, recently yard superintendent at the penitentiary; ex-Policeman John Woollen, George A. Foley, William F. Vaughn and George Peak.

PLANS PERFECTED

Everything Ready For the Middle-of-the-Road Populist Convention in Cincinnati.

IGNATIUS DONNELLY IS A CANDIDATE.

He Announces That He is Willing to Accept First Place on the Proposed National Ticket.

M. W. Howard, of Alabama, for President, and D. Clem Deaver, of Nebraska, for Vice President, is Another Proposed Ticket.

Cincinnati, May 9.—At a protracted meeting of the national committee of the middle-of-the-road populists plans were perfected for the routine business of the national convention, which will meet in Robinson's Opera house. Former Congressman Howard, of Alabama, will, it was decided by the committee, be recommended to the convention for temporary chairman. After the appointment of the credentials committee the convention will resolve itself into "experience meeting." This will be for the benefit of the members of the committee on resolutions. It will be the endeavor of the leaders to have an expression of opinion on the part of every state represented before the resolution committee goes to work. It is probable that the speech-making will be continued at the night session; that on Thursday morning the resolutions committee will report, and that nominations will then be taken up.

Ignatius Donnelly's boom for the presidential nomination presents a rather healthy appearance, but there is little mention of a candidate for vice president in case Mr. Donnelly should be selected for first place. Mr. Donnelly has made a definite announcement of his candidacy. He all along expressed a willingness to accept first place if the convention desired him to do so, but stated that he was not pushing himself.

Another surprise was the presentation of the names of former Congressman M. W. Howard, of Alabama, for president, and D. Clem Deaver, of Nebraska, for vice president. This combination found a great deal of favor among the various delegations not controlled by Barker or Donnelly, and at a caucus of the Nebraska delegation the 46 votes from that state were pledged to Howard and Deaver. The situation is thus greatly complicated, making predictions for the presidential ticket mere guess work.

Reports made by Secretary Jo A. Parker to the national committee, at its meeting, showed that over 700 delegates are present. Every state in the union, with the exception of Arizona, New Mexico, North and South Carolina and Vermont, will be represented.

Secretary Parker's report in the matter of expenses was an astonishing document. It showed that the work of organizing the middle-of-the-road convention, which has been carried on since the split at Lincoln on February 19, has cost less than $800. This sum includes all the expenses of the convention in this city, and showed the smallest outlay of any national convention of its size in the history of the country. Chairman Deaver, of the national committee, expressed himself as well pleased with the record made, but declared emphatically that he would not accept the position of national chairman for the ensuing four years.

On the matter of platform, it is believed that the declarations will be largely on the following points: Favoring the initiative and referendum; government paper money; government ownership of railroads and telegraphs; public ownership of public franchises; highly restrictive legislation against trusts; an elective judiciary of short tenure of office; compulsory arbitration of labor disputes and a graduated income tax. On the expansion question it is not believed that the convention will make any expression. The Omaha platform will be reaffirmed in every respect.

PLATFORM OF THE PRESS.

Editors of Weekly Populist Papers Furnish the People's Party Convention With Resolutions.

Cincinnati, May 9.—Members of the National Reform Press association—editors and proprietors, for the most part, of weekly populist papers throughout the south and west—met here and, after a lengthy debate, adopted the following resolutions:

"The National Reform Press association, affiliating in fidelity to the basic principles proclaimed in the Omaha platform, does recommend to the national convention of the people's party, about to assemble in this city, the adoption of a platform embodying the following propositions—propositions which we stand for:

"1. The initiative and refereudum—both in our system of government and in party management.

"2. Honest money, which is government paper money.

"3. The nationalization of our railronds.

"4. Public ownership of public franchises.

"5. The abolition of private trusts.

"6. An elective judiciary of short tenure of office.

"7. Compulsory arbitration of labor disputes.

"8. The principle of graduated income taxation."

HAVE MANY VIEWS

Delegates to the National Populist Convention Differ as to Mode of Procedure.

VARIOUS PROPOSITIONS ARE MADE.

The Vice Presidential Question is the One That is Giving Most of the Delegates Trouble.

A Conference Committee Consisting of One Delegate From Each State May Be Appointed to Confer With the Democrats.

Sioux Falls, S. D., May 9.—While the national populist convention is not as well attended as had been counted upon, still there are delegates from every state in the union except eight, and all the territories are represented, including Alaska. The states not represented are Alabama, Arkansas, Mississippi, Georgia, Florida, Vermont, New Hampshire and Rhode Island. From many of the states east of the Mississippi only two or three delegates are present, but these hold proxies, and it is expected that, if the delegations are not filled by new arrivals, the delegates present will be authorized to vote for the full delegation.

The reduction of rates by the railroads extended on the east only as far as New York, and on the west only to Montana, probably cutting off the attendance of many delegates and visitors from the Pacific coast, and also possibly some delegates from the New England states.

There is a vast difference of opinion among the delegates as to the policy to be pursued with reference to the nomination of a candidate for the vice presidency. It is evident that this is practically the only question which the convention will have to decide, and it is occupying the attention alike of delegates and visitors almost exclusively. There is occasional reference to the platform, and it is understood that a few of the long-headed leaders have been drawing up plans and suggesting propositions for incorporation in the declaration of principles; but, while this is true, the great majority of persons in attendance are discussing the vice presidential problem.

The greatest difference of opinion among the delegates is shown in the Nebraska, Kansas, Iowa and Missouri delegations. Nebraska delegates feel that they are in a peculiarly delicate position because they are especially anxious to subserve the interests of Mr. Bryan. A majority of the delegates from Nebraska are apparently favorable to the reference of the whole question to a committee of one from each state, to be appointed to confer with the democrats at Kansas City. In this they have the support of many of the delegates from other states.

The friends of Mr. Towne are working very industriously to defeat this, and express confidence that they will succeed. There are others who believe in the wisdom of nominating a candidate in opposition to Mr. Towne, led by Gen. Weaver, of Iowa, who is advocating the nomination of a straight populist, while there are others still who express the opinion that, if a candidate other than a populist is to be nominated, he should be a man of democratic proclivities, so as to make sure of his indorsement by the democratic convention. In this connection some of the Illinois delegates have suggested ex-Vice President Adlai E. Stevenson. There is also present a gentleman from New York who is circulating very industriously among the delegates in the interest of Congressman Sulzer. He assures them that Mr. Sulzer is in accord with many of the populist views, and eloquently pleads the cause of his champion. The friends of Mr. Stevenson call attention to the fact that he has not only once been elected vice president but that he has also made a record as a greenbacker. Mr. Towne's supporters meet these arguments by pointing to his record as a silver advocate, and assert that he would make a campaign equal to that of Bryan himself.

Still another proposition which has been made and is advocated by a number of delegates is that the convention should name several persons, any one of whom would be acceptable to the populists as a vice presidential candidate, and appoint a committee to confer with the democrats as to which of them should be placed upon the ticket. This proposition is apparently gaining in favor, but is not yet as strong as either the suggestion in Towne's behalf or the one to avoid any nomination whatever.

Some delegates, notably those from Nebraska and Missouri, are advancing the idea that the convention as a whole should adjourn immediately after convening to meet in Kansas City on the same day that the democratic and silver republican conventions are to assemble there. "If we are to have a committee of conference," said a Missouri delegate in discussing the proposition, "why not have the whole convention act in that capacity? For my own part," he continued, "I can see no reason for holding the convention in advance of the democratic convention, and, having made a mistake in calling it so early, I think the best way to correct that error would be to transfer the entire assembly to Kansas City and have it meet there with the other conventions to be held in Mr. Bryan's behalf."

FOUND THE ENEMY

Boers Are in Considerable Force Along the North Bank of the Zand River.

LORD ROBERTS IS NOW IN SMALDEEL

The British Advance Guard is Reported to Be Within Forty Five Miles of Kroonstad.

The News From Mafeking Is Gloomier Than Ever. Many People Being on the Verge of Starvation—Important Movement.

London, May 9.—The war office has issued the following dispatch from Lord Roberts, dated Smaldeel, May 8:

"Gen. Hutton, with mounted infantry, reconnoitered yesterday to the Zand river, and found the enemy in considerable force. Gen. Broadwood's brigade of cavalry, with Gen. Ian Hamilton's force, performed the same operation with much the same result.

"Gen. Hunter reports that he occupied Fourteen Streams yesterday without opposition, owing in great measure to the able dispositions made by Gen. Paget on the left bank of the Vaal river at Warrenton, where his artillery fire rendered the enemy's position practically untenable. A six-inch gun was found most useful.

"As the sixth and half the fifth brigades of infantry advanced under cover of the artillery the enemy retired precipitately, abandoning their clothing, ammunition and personal effects."

Four thousand British cavalry watered their horses at Zand river Monday, 25 miles beyond Smaldeel, where Lord Roberts continues to date his dispatches. The scouts who have been searching the country for miles along the stream have found no Boers south of the river. The enemy are lingered in unknown force on the north bank. Thus the British advance guard is within 45 miles of Kroonstad. The Free Staters, in the expectation that Kroonstad will speedily become untenable, are, according to information from Lorenzo Marques, preparing to transfer their government to Hellbron, a little more than 50 miles northeast.

The tidings from Mafeking are gloomier than ever. Everybody there has an empty stomach and a pinched face. The natives are no longer given even porridge, and the whites now have nothing but a quart of that substance and a pound of horse sausage daily. Everything else eatable has gone. Insufficient food, wet trenches and a cold night are deadly to the health of the garrison. This information comes from reliable natives. Lady Sarah Wilson, under date of April 27, says: "All the Boers now number 4,500, including young Eloff, President Kruger's grandson, who has sent for six more guns.

The Mafeking correspondent of the Times, who also emphasizes the extreme gravity of the situation, says: "It is impossible to ignore the fatal significance of Col. Baden-Powell's reference to the hardships endured by the women and children, among whom many deaths have already occurred. The commissariat is holding a certain amount of food in reserve for use in the direst extremity."

The British column is reported to have reached Taungs, 30 miles north of Warrenton. According to Pretoria advices, the British are nearing Vryburg, which is half way between Warrenton and Mafeking. Gen. Hunter is probably not in personal command of this relief column. His forces embrace 20,000 infantry and from 5,000 to 6,000 horseman—an army far greater than has hitherto been supposed. Lord Methuen is apparently a subordinate. While the relief column is moving toward Vryburg Gen. Hunter is apparently preparing an orderly advance northeast along the Vaal river, to participate in the Pretoria advance as Lord Roberts' left flank.

Cape Town correspondents learn that an important movement in Natal is expected within the next four days. Gen. Buller is rapidly completing his transport organization.

The president of the Transvaal volksraad reiterates President Kruger's unduinished generosity of purpose. In the course of the debate he said that, should he be sent to St. Helena, the republican cause would still go on.

ST. LOUIS STRIKE GROWING.

Attempts Made to Run Cars By Non-Union Men Resulted in a Serious Riuting.

St. Louis, May 9.—The strike of the employes of the St. Louis Transit Co. has practically stopped street car traffic. From time to time attempts were made to operate the cars, but in nearly every case resulted in attacks on the crews by crowds along the streets, practically stopping traffic. A Park avenue car was considerably damaged at Eighteenth street and Washington avenue. A large crowd of men and boys was congregated there, and as the car was within distance they bombarded it with stones, regardless of the fact that several women were inside it. The crew on the car stuck to their posts, although the stones flew thick around them. The company, when it found the cars could not be operated, ordered them back to the sheds.

Vehicles of all sorts are pressed into service by the citizens of the town in getting to and from business.

M. E. CONFERENCE.

Report of the Commission on the Organic Law of the Church Was the Feature.

Chicago, May 9.—The chief matter of importance before the general conference was the report of the commission on the organic law of the church. This commission was appointed by the general conference of 1896, and was made up of two bishops, six ministers and three laymen, among whom were the leading constitutional authorities in the church. It has had several protracted sessions, to which, according to the secretary, Rev. C. W. Smith, of Pittsburgh, every question bearing on the subject was submitted to the most careful scrutiny.

The real work of the commission was to decide what is the organic law of the church, that is, in other words, what is the constitution. It seems strange that a great church could have permitted almost a century to pass without decidlng so vital a question. But it should be remembered that the Methodist Episcopal church was organized under the direct authority of John Wesley, who gave it its doctrines and rules. To these have been added from time to time such legislation as seemed to be needed to interpret and carry out their spirit. The constitution has, therefore, been a growing one whose limits have never been clearly defined. The movement for determining precisely what these limits are began in 1888.

The report names as the organic law of the church the article of religion, the general rules as they appeared in the discipline of 1808 and all that legislation which appears under the head of "The General Conference."

It is the opinion of Bishop Merrill, the oldest constitutional authority in the church, that this report is the most important matter which will come before the general conference at this session.

Only the first paragraphs of the report were considered by the conference. One of these served to show the sentiment relative to lay representation in the annual conference. It is clear that this will be resisted by the ministry.

IN A BLAZE OF GLORY.

The Three Days' Ovation Which the Memphis People Tendered Adm. Dewey Was So Ended.

Memphis, Tenn., May 9.—Two brilliant receptions last night, one at the residence of Gen. Luke E. Wright and the other at the Peabody hotel, closed the list of entertainments which were arranged by the Memphis people for the delectation of Adm. and Mrs. Dewey, and the three days' ovation which the city and the surrounding country were proud to tender their distinguished guests went out with a blaze of glory.

At the residence of Gen. Luke E. Wright the first reception was given from 8 until 9 o'clock by the Oliver Perry Chapter of the Daughters of the American Revolution.

The Peabody hotel, where the admiral's last public appearance was made, was a scene of patriotic grandeur, flags and bunting dying from every available space. Hundreds of people were in waiting in the large parlors, and a great hurrah went up when the admiral entered the rooms. For two hours Adm. and Mrs. Dewey received citizens and visitors of Memphis, shaking hands with all who passed before him. The admiral left for Nashville this morning.

Mills and Timber Burned.

Parkersburg, W. Va., May 9.—Forest fires raging in Wester county destroyed over 2,000,000 feet of fine timber in the stick and sawed, and burned up two of the largest lumber mills in that part of the state. Stout & Co. and F. W. Blankenship each lost 1,000,000 feet, together with their two mills. The loss will be close to $80,000.

Two Women Drowned.

Jacksonville, Fla., May 9.—Mrs. M B. Tutt and Mrs. Eliza Flowerday were drowned in the St. Johns river here. With a party of eight they were crossing the river in a boat which leaked badly and finally tipped over, throwing the occupants into the water. Six were rescued.

Cousider Disputed Cases.

Chicago, May 9.—The annual meeting of the board of review of the National Trotting association opened a three days' session at the Palmer house for the consideration of disputed cases. President P. P. Johnston, of Lexington, Ky., presided.

Sharkey Won in Two Rounds.

Tattersalls, Chicago, May 9.—Tom Sharkey of Tattersalls knocked out Joe Choynski, of California, in two rounds. The fighting was of the hurrlcane order, both men landing repeatedly, but Sharkey had the fight well in hand throughout.

Bingham Faction Ticket.

Birmingham, Ala., May 9.—The Bingham faction of the republican party, through its state executive committee, nominated a state ticket to be voted for at the August election, headed by Charles P. Lane for governor.

West Virginia Republicans.

Fairmont, W. Va., May 9.—The republican state convention selected W. C. Curtin, S. H. Gramm, J. E. Dana and F. E. Flinn as delegates to the national republican convention, and instructed them for McKinley.

Lasted Only Eight Rounds.

Grand Rapids, Mich., May 9.—"Young" Kenny, of Chicago, scored a clean knockout in his second match with Sanchez, the "Cuban wonder," in the eighth round of what was to have been a 20-round bout.

RENOUNCED DEMOCRACY.

How a Fellow-Townsman Is Complimented on His Change.

Ironton (O.) Register.

Ex-Governor Worthington of Kentucky honored Ironton with a visit yesterday. While here he stated that Allan D. Cole, son of Hon. A. E. Cole of Maysville, surprised the Republican Congressional Convention by making a flowery speech in behalf of the Republican party. The Coles, as is well known, have been, for many generations back, Democrats of the staunchest kind, and very bitter in their opposition to the Republican party, and that a Cole should make even a slight remark which would benefit the Republican party was until recently incomprehensible.

RIVER NEWS.

The sandbars are now in full bloom.

The Bonanza will be up tonight for Pomeroy.

The Lizzie Bay will be down tonight from Pomeroy.

The Keystone State is due down tonight from Pittsburgh.

The river continues to fall all along the line, and navigation is extremely difficult.

Captain C. M. Phister is the Marshal of the Levee, and when a person refuses to pay him wharfage he can arrest him just the same as a police officer.

It is said Captain Oscar Barrett has sold the towboat John Barrett to the Alabama Coal Company for $22,000. She will tow coal from Greenville to New Orleans.

The high price of steamboat fuel will set engine and boilers builders to thinking, if not working, as the fuel bills of a big boat, at present rates, is about one-third of the running expenses.

The steamer Speedwell, which has been chartered for several months by Captain Edgington, and which has been running as an independent boat between Cincinnati and Portsmouth, has been turned over to her owner, Captain Gus Honshell, by Captain Edgington, since the new steamer Pearce has been finished, and will hereafter run as a tri-weekly packet between Portsmouth and Pomeroy, connecting with the Edgington boats at Portsmouth. She will leave Portsmouth every Monday, Wednesday and Friday under the management of Captain Gus Honshell. The White Collar Line has heretofore had no opposition in this trade.

MRS. RICHARD HENRY LEE.

Loving Tribute Paid to This Woman by a Recent Publication.

"The Visitor," a paper published at Baltimore, Md., in the interest of the Church of St. Michael and All Angels, pays the following tribute to the late Mrs. Richard Henry (Eliza) Lee, a sister of Mrs. Emily Dobyns of this city:

"The Church has suffered a great loss. Mrs. Richard H. Lee, who has been a member for so many years, passed away on Tuesday, 21th April. She had of late worshipped with us but rarely. Her great age—87 when she died—was not alone against her. Three or four years ago, when living on St. Paul street, she fell down a flight of stairs, when it was little short of miraculous that she was not taken up dead. She never, however, entirely recovered from the shock and the fractures she then sustained. A short while ago she had a stroke of paralysis, which eventually resulted in her death. The funeral services, conducted by the Rector, who in accordance with her oft expressed wish, was present with her when she died, was held at her late residence at Roland Park. The interment was in Cincinnati, where her husband lies buried, and where she sometime ago raised to his memory a splendid memorial shaft of Aberdeen granite imported for the purpose from Scotland.

"Mrs. Lee was one of the brightest and most cultured women the Rector ever knew. She had been perfectly educated and having a most remarkably retentive memory, really seemed to have forgotten nothing she had ever learned. Thus to the last she retained among other things her command of the French and German languages. As to the poets it was simply delightful to hear her apt quotations from them.

"In financial matters St. Michael and All Angels will miss her help greatly. It was she who gave the handsome processional cross—this but one illustration out of many of her generosity towards the Church.

"We assure Mr. and Mrs. Capron of our deepest sympathy in the sad bereavement they suffer in so noble a woman and so good a mother being taken away from them."

I will pay you your own price for a match to my hearse horse.

The total vote of the Electoral College will be the same this year as it was in 1896, when McKinley received 271 Electoral votes and Bryan 176.

TWO PICTURES OF DEMOCRACY.

THE NEW FORCE BILL.

Editorial Courier-Journal May 1, 1898.

"We republish this morning from the issue of The Courier-Journal for Friday, February 11, the Goebel Election Bill in full. The statement that The Courier-Journal has not published it is as false as the statements relating to us usually are. The pretense that we are afraid to publish it is answered by the act itself. It is a simple machine for turning over all elections in Kentucky to a centralized despotism at Frankfort, consisting of three Commissioners, to be elected by this Legislature, and having absolute power to determine who shall hold office and who shall not during their four years term of incumbency. This is not only usurpation of power. It is revolution in its broadest sense. It is not merely a force bill. It is a radical despotism. It disfranchises every voter in the state whom the Triumvirate at Frankfort, or their satraps in the counties, see fit, or find it needful, to disfranchise. At one fell swoop it abolishes free elections in Kentucky. If any man doubt this, there is the bill before his eyes. If he dispute it, he proclaims himself equally a conspirator and a falsifier. Nothing worse than this—more shameless, barefaced and absolute—has even been suggested in all the annals of Reconstruction, radicalism or misrule, in any age or any country. If the people of Kentucky submit to it, then they are a race of slaves, and will merit all the woes and ruin it brings them, including the heralding of their names as slaves, and the proud name of the old Commonwealth as a by-word to the ends of the earth."

THE NEW DEMOCRACY.

Editorial Owensboro Messenger, February, 1900.

"The white, property-owning, respectable people of Kentucky are going to control the Government of this Commonwealth now and hereafter, and they are going to legislate some respect for law and public decency into the heads of 2,500 arrogant money-bags and their satellities and hangers-on, who have chosen to affiliate politically with 75,000 ignorant Negroes and as many more vicious and red-handed mountaineers. The struggle for supremacy is about over, and the end will prove in this state, as it has in other states, that only the people who are capable of good government will be permitted to govern."

The Most Stubborn Coughs
Resulting from an attack of lagrippe or heavy cold, must yield to the wonderful healing properties of Foley's Honey and Tar, which strengthens the lungs and makes them sound. Nothing else as good. J. Jas. Wood & Son and Armstrong & Co.

PLEASING ENTERTAINMENT.

Exercises by Hayswood Pupils at First Presbyterian Church.

Notwithstanding the unfavorable weather, the lecture room of the First Presbyterian Church was filled last evening with an interested audience to witness the closing exhibition of the class in Physical Culture at Hayswood.

The entertainment throughout was delightful. The drills by the class consisted of works in dumb-bells, Indian clubs, wands, long poles and free gymnastics.

Each drill showed careful and conscientious work and was executed with wonderful precision.

The drills were interspersed with an instrumental and vocal number in music and a recitation.

The hearty applause of the audience and its insistence on encores showed their appreciation of these numbers.

Too much praise cannot be given to the Maysville Orchestra, of which our city is so justly prond. Prof. Billett, by his masterful leadership, inspires orchestra as well as audience, which was evinced by the enthusiasm which each number called forth.

Cured a Running Sore.
"I had a bad running sore on my breast for over a year," says Henry H. Richards of Wilkesville, N. Y., "and tried a great many remedies, but got no relief until I used Banner Salve. After using one-half box I was perfectly cured. I cannot recommend it too highly, and will never be without it in the house." J. Jas. Wood & Son and Armstrong & Co.

Unable to Work.
Chas. Replogle of Atwater, O., was unable to work on account of kidney trouble. After using Foley's Kidney Cure four days he was entirely well. J. Jas. Wood & Son and Armstrong & Co.

Enumerators for the census in June will be furnished with badges by the Government, which are to be worn in a conspicuous place, as to be plainly seen, and will be their credentials for gathering their statistics. These badges will be made of German silver and bearing the words, "United States Census, 1900." An order has already been placed for 80,000 of these badges by the Director of the Census.

THE FRUIT CROP.

This Year's Prospects in Kentucky as Compared With Last Year.

Captain J. W. Throckmorton, Commissioner of Agriculture, has issued a crop bulletin for May 1st, at which date the fruit prospects are given for this year in comparison with 1899, as below—

	1900.	1899.
Apples	94	91
Peaches	79	92
Pears	81	69
Cherries	92	68
Grapes	93	71
Strawberries	95	85

The average condition of the wheat crop, compared with normal years, is 100, which is 4 points above the April average and 12 points above the average for the past four years.

Tobacco plants are generally reported plentiful but deficient in size, which will probably delay setting somewhat. The condition of plant beds, compared with average years, is 93.
